

Mission, values and ethos.

We are dedicated to the English Language education of international Young Learners, in a residential environment, through high standards of teaching, outdoor activities and sports and through the enjoyment of their experience with us in Scotland.

Our Values are:

- Believe it is possible
- Listen to ourselves, each other and our young students
- Integrate fully
- Strive for success, support each other and our students
- Safeguarding

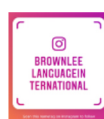

Through these values, we will seek and respond to feedback, we will look for solutions and not approach things negatively. We will champion our students and listen to what they have to say. We will listen to ourselves - if something doesn't look right then we will report it. If we are uncomfortable we will leave and we will take our students out of an uncomfortable situation. We will listen to each other; we will flag our concerns and we will sing our praises.

We are a team and we will work together as a team – we will do our best, we will learn from that and do better and we will keep on striving for success and together we will achieve it.

And lastly, so it sticks, safeguarding is our number one priority - always. We will never let our students down and if we don't know what to do – we will ask.
